High Risk Activities Guidelines:
High risk activities are those activities that carry a higher level of risk of injury than the child would typically encounter in their daily lives/during outings with their Big. Prohibited activities are not allowed on any outings, as they have been deemed too dangerous. Permitted High Risk activities include a list of activities that the agency strongly discourages on outings, however, are permitted ONLY with the prior approval and signed permission from the child’s parent/guardian. A minimum of 1 week’s advance notice is required for all high-risk activities requiring parental signed approval. Please note, failure to comply with this policy and guidelines could result in the termination of your match. If in question about a specific activity, please contact your Match Support Specialist to discuss.
